**Discover the future of short-term rentals with those in the know
at the Short Term Rental Summit.**

This is not a trade show.

We don't like to blow our own trumpets but the Short Term Rental Summit promises to be pretty special. Hosted by the team at ShortTermRentalz.com and Skift, it's where the leading minds of short-term rentals come together to share their visions for the future and strategies for success. And it's also a golden opportunity to network with the investor community as we connect you to the capital and the capital to you.

Every area of the short term rental industry is represented – a who's who of owners, investors to property managers and tourism boards – don't miss it.

After the Boom

Building upon our 24/7 coverage of short-term rentals – at the forefront of the impact of technology, platforms, and professionalisation on both the urban and traditional vacation rental sector – this event promises to bring together a wide range of founders, CEOs, investors, and innovators in the industry, placing a laser focus on the opportunities and challenges ahead.

Why Sponsor?

- Position your brand with short term rental thought leaders.
- Engage an audience both in-person and digitally in the run up to the event.
- Align your product with industry leading media brands.
- Extend your product reach through Short Term Rentalz' and Skift' global network.
