**Create experiences, boost
satisfaction, increase
your revenue.**

About Welcome Pickups

Turn simple airport pickups into value-driven travel experiences

- **Top-rated transportation company** globally
4.9 out of 5 stars on average
- Available in more than **300 destinations** worldwide
350 destinations by end of 2024
- Over **4,500 partners & 2.5 million passengers**
- **Fair-priced, safe and private rides**
pre-booked and prepaid airport & port transfers & sightseeing and in-city rides
- **Elevates guest experience**
hand-picked English speaking drivers, monitoring flight delays, same day booking, etc.
- **24/7 customer support** available for property managers and their guests.

How it works

Start automating guest pickups in just a few clicks

- **You get a dedicated page** for each property.
- **You** share your page directly with your guests right after they book their stay.
- **Your guests** book and pay their transfer in a few clicks.
- **You get paid** monthly commissions for rides your guests complete.

The screenshot shows a web interface for booking airport transfers. At the top, the 'BLUEGROUND' logo and 'TRANSFERS' are visible. To the right, there are flags and a 'TRANSFERS OPERATED BY Welcome Pickups' logo. The main heading reads 'Book your airport transfer to' followed by the property name '52|42 Apartment II'. Below this, three service highlights are shown: 'Trained English Speaking Drivers' with an 'EN' icon, '24/7 customer support' with a phone icon, and 'Flight monitoring: your driver waits in case of delays' with a checkmark icon. On the right side, a 'Book a transfer' form is overlaid. It includes a 'From' field with a location pin icon and the address '52|42 Apartment II, King Salms'. Below the form are fields for 'Pickup date' (with a calendar icon), 'Time' (with a dropdown arrow), 'Passengers' (with minus, 1, and plus buttons), and 'Luggage pieces' (with minus, 1, and plus buttons). A blue 'Continue' button is at the bottom of the form.
